

DIVERSE OPINION

In Peace Congress Over Wording of Cablegram To Carnegie

Mention of Name of Barclay

Was Greeted With Applause, International Agreement for Reduction of Armaments Put Over and Arbitration Between U. S. and Great Britain Coming.

Boston, Oct. 5.—When the deliberations of the international peace congress were resumed today the program of business called for the reception and consideration of reports of various committees. It had been arranged also to introduce for action the international agreement for the reduction of armaments and also a report of the international peace bureau on the reconciliation of France and Germany. Before the meeting was called to order it was tentatively arranged that the latter subject would be referred to a committee to study, and report upon at next year's congress, this being at the request of both the German and French peace societies.

A difference of opinion arose immediately at the opening of the session over the wording of a cablegram which had been prepared to send to Andrew Carnegie. Delegate John Martin, of New York, objected to the reference to Mr. Carnegie as "an earnest worker for the world's just and rational organization." He moved reconsideration, which was ordered. The matter was deferred for a while. The cablegram as prepared and accepted originally read:

"The International Peace Congress in Boston, at the largest and most

confident ever assembled, gratefully greets the builder of the 'Temple of Peace' at the Hague, and the generous and earnest worker for the world's just and rational organization."

It was voted to send cablegrams to Frederick Passaic, of Paris; Hodson Platt, of London, and Elzie Ingham, of Bern, extending the greetings of the congress. Mr. Passaic, the great peace worker of France was hailed as "The grand old man who has fought the good fight and kept the faith from the day of small things to the day of great things."

Secretary Truchbroad read the message to the conference from Sir Thomas Barclay, given to the Associated Press in London. Sir Thomas said the next greatest step taken in the history of international relations would be expected, be a treaty or arbitration between Great Britain and America. The mention of the name of Sir Thomas was greeted with applause, and when Mr. Truchbroad had concluded the reading, a great cheer of approval went up.

Baroness Bertha von Suttner, of Austria, was introduced and greeted the delegates both in English and French. Rabbi Levi of Pittsburgh, Pa., and Babba Bhoran, a Hindu, here to attend the congress also spoke.

Uncle Sam—Mr. Shaw, the grocery bill and the dry goods bill are complete answers to your speeches.

JUDGE BLACK HOLDS THAT

Petition Once Filed and Then Withdrawn and Altered Loses Its Effect.

Columbus, Oct. 5.—Probate Judge Black made an important ruling affecting Brannock law petitions. A petition once filed was withdrawn and altered and the action was protested. Judge Black holds that a petition once prepared and filed may not be altered without destroying its effect. A second very important question presented in the case was that of whether the clause in the Brannock law requiring an election to be ordered not earlier than twenty days or later than thirty days after its filing, is merely dictatorial or mandatory.

Judge Black from the weight of authority decided the law was of the latter effect. The decision sets aside two elections held recently.

BOTH ENTER STRONG DENIAL.

Dick and Foraker Are Both Anxious For the Renomination of Herrick.

Columbus, O., Oct. 5.—Intimate political friends of both Senators Dick and Foraker laugh at the stories that neither desire the re-nomination of Governor Herrick next year. Dick has already stated to local political leaders that he favors the re-nomination of the governor, and Senator Foraker has likewise indicated a willingness to have the plan go on.

Neither Dick nor Foraker, however, are claimed to believe that Herrick will win again by such a handsome majority as shown at his election, but that he can and will win, neither doubts.

Columbus, O., Oct. 5.—Two additional suits have been filed against the T. & O. C. railway for damages for injuries received by members of the ninth battalion in a wreck near Channecy, during the military maneuvers. The two suits filed Tuesday were instituted by Ernest Washington, who asked \$1,540, and J. P. Hugson, who asks \$1,475.

TAKE NOTICE.

Columbus, O., Oct. 5.—Francis B. Loomis, assistant secretary of state, has notified Governor Herrick that the British ambassador at Washington has complained that there has been general failure to notify the nearest British consul of the deaths of British subjects. Loomis asks that Ohio officials be directed to act more promptly in this respect.

ANOTHER ANNA.

San Francisco, Oct. 5.—The engagement of Max Heinrich, the singer and composer, to Miss Anna Held, the German student and musician, has been announced. Miss Held is at present the guest of Madame Helena Modjeska at Arden. Miss Held is no relative of the actress of the same name. The marriage will take place during the holidays season at the home of Miss Held.

FIRST TIME IN HISTORY

Of Operative Pottery That It Has Been Made Defendant in the Courts.

Ford City, Pa., Oct. 5.—For the first time in the history of the National Brotherhood of Operative Potters, of East Liverpool, it has been made defendant in an injunction suit, the plaintiff being the Ford City China Co., whose plant has been idle for several weeks, owing to a dispute between the management and the men. Judge Patton has granted a preliminary injunction against the brotherhood and local lodge 52, to prevent them from interfering with the business of the company or attempting to prevent others from working.

PARKER SITS FOR PORTRAIT

Col. Connelly Urges National Committee to Make Vigorous Campaign in State of Ohio.

New York, Oct. 5.—Judge Parker today gave a sitting to Mueller Urey, a portrait painter. The portrait, when finished, will be given to Mrs. Parker. When the judge returned to his apartments at the hotel Seville, he found several callers waiting for him. Among them were Col. John Connelly of Columbus, National Chairman Thos. Taggart and Representative Alfred Budhieson of Texas. Colonel Connelly has urged National Committee-man John R. McLean to go to Ohio and organize a vigorous campaign there. He declares that the majority given to President McKinley may be greatly reduced.

COSTLY FIRE AT FINDLAY.

Lightning Struck Oil Tank at National Refinery. Public Schools Dismissed.

Findlay, O., Oct. 5.—Lightning struck a 1,260 barrel oil tank at the National Oil refinery today. The tank exploded and fire spread to three other tanks, which also exploded. Firemen were unable to stay the flames, which will be allowed to burn out. It was feared that the whole National refinery might be destroyed and that the Canfield refinery was in danger. There was no loss of life. The loss will reach \$150,000. The public schools were dismissed and all brick buildings ordered vacated on account of a possibility that a great quantity of gasoline might explode at any moment.

LIMA WANTS NEXT YEAR'S

Convention of Ohio State Federation of Labor. Convict Labor Bill is Endorsed.

Canton, Oct. 5.—This morning's session of the Ohio State Federation of Labor was almost entirely devoted to consideration of resolutions. There is a division on the proposition to send no delegate to the national convention at San Francisco and to an organization to enlist central labor unions in the state federation. Lima has asked for next year's convention. State senator Pollock's convict labor bill was endorsed as was also a resolution requesting union men to buy only watch cases bearing the union label.

Murderer Fisher Ready to Die.

Says His Reprieve of Ninety Days Was Secured by Trickery—Would Not Let His Attorneys Carry His Case to Upper Courts.

Columbus, O., Oct. 5.—Albert Fisher, the Toledo murderer, who will be electrocuted tonight, made a formal statement today that his reprieve of 90 days was secured through a trick. He had been sentenced to death June 7th, but a respite for 90 days was granted by Governor Herrick on Fisher's declaration that he could clear the Chicago postoffice robbery in 1899, when an enormous sum in money and stamps was secured.

He now says he knows nothing about the charge of robbery. He told the story, he says, simply that he might be alive to testify for his pal, Walter Crosby, in case the circuit court should grant him a new trial. Now that Crosby's life sentence has been confirmed, Fisher says he is ready and anxious to die. He says while Crosby was outside the door when bartender Wm. Marshall was killed in Toledo, he, Crosby, had no knowledge of a robbery or murder being planned. A peculiar thing about Fisher's case is that he would not permit his attorneys to either carry his case to the upper courts or appeal to the governor for a commutation of sentence. He is an educated man, whose identity is a mystery. He says he will go to the chair without revealing his true name. He says he realizes that his life was a fruitless one and hence he had no desire to escape the electric chair. He leaves this final admission to persons inclined to be crooked: "Don't do it; it doesn't pay."

ISSADOR WANTS TO BE MADE PRESIDENT.

Cape Hayatian, Oct. 5.—Special advice received here by the Associated Press from Monte Cristo, republic of Santo Domingo, announce that General Candalaria De la Roses, with fifty men, revolted against the government September 26th in favor of Issador Jamenez, and started for the interior. The Dominican gunboat Presidente, with 150 troops on board, has sailed for Barahona, on the south coast of Santo Domingo.

Ramon Caocres, vice president of Santo Domingo, has resigned. Issador Jamenez should not be confounded with General Juan Jimenez, the former president of Santo Domingo, who was recently in New York City.

Baker, Toledo, grand conductor of councils; W. A. Giesen, Cleveland, grand steward; I. H. Oppenheimer, Pomeroy, grand sentinel.

DESERTER FROM RANKS

Of Coal Miners, Who Have Been on Strike, Ambushed, and Riddled With Buckshot.

Somerset, Pa., Oct. 5.—William and Wm. Kemp, who are alleged to have recently deserted the ranks of the men who have been on a strike since last December, in the Meyersdale Coal region were fired upon from ambush early today while on their way to work in the Wilmouth mine. Both had their legs riddled with buckshot. The wounded men were removed to their homes and the armed deputies employed in the region are searching for the guilty parties. Two weeks ago the tipple at the Wilmouth mine was fired by incendiaries. The damage was repaired yesterday and today a force of men went to work in the mine.

SPLENDID TRIBUTE TO HENRY C. PAYNE.

President Roosevelt Issues Proclamation Announcing Death of His Postmaster General and Asks that Departments Show Fitting Regard.

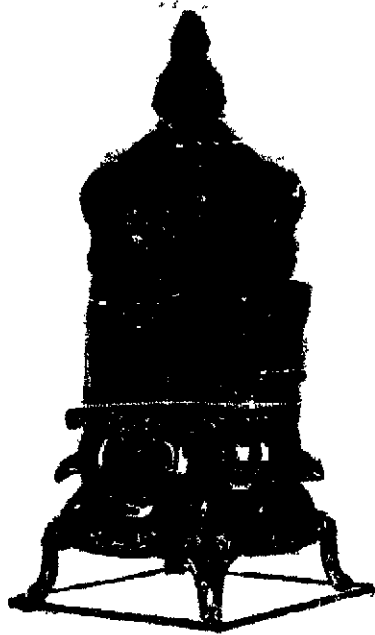

Washington, D. C., Oct. 5.—The president today issued the following proclamation:

To the People of the United States:

Henry Clay Payne, postmaster-general of the United States, died in this city at ten minutes after 6 o'clock yesterday afternoon. Rising to eminence by his own efforts, successful in his enterprises, attaining to positions of high trust in private business, energetic and conscientious in his relations with his fellow men, of singularly gentle, loyal and lovable nature inspired by a large sense of the duties of a true citizen and winning the respect and esteem of all with whom he associated, he was called, in the fullness of his powers, to discharge the duties of a peculiarly onerous and responsible office in the high offices of the United States. His career is an example for good citizens to follow, and his untimely death is mourned by all.

"The president directs that the several executive departments and their dependencies shall show fitting regard for the memory of this distinguished public man, that the departments of the city of Washington shall be closed between the hours of 9 o'clock a. m. and 1 o'clock p. m. on the day of the funeral, Friday, the 7th instant, and that the national flag shall be displayed at half-staff upon all the public buildings throughout the United States from now until the funeral shall have taken place.

By direction of the president. JOHN HAY."

Regal Jewel

For Hard Coal.

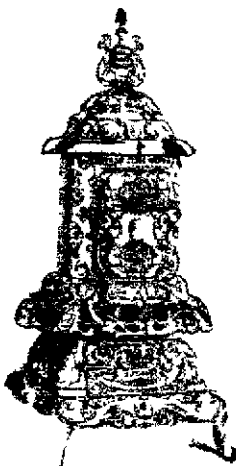

The Regal Jewel is the best heater of its class in the market, and is one of the most popular base burners.

It embodies every modern practical feature that is desirable in a base burner. Attractive in design, heavy enough in all parts which come in contact with fire, and beautifully ornamented.

Air tight construction throughout. Oak jewels keep fire longer than any other oaks.

Our very latest most improved oak construction provided with hot blast tube.

NO SMOKE. NO SOOT.

The hot blast duct in this oak does not in the least interfere with the introduction of bulky fuel, while it conveys the hot air blast to just that part of the fire chamber where it is required to effect the best results when soft coal is used.

There is many a steel range on the market today, sold at a higher price, which cannot compare with the leader, Jewel, for durability, beauty of design and finish, smoothness of castings, and completeness of equipment. The makers of Jewel Ranges have their own immense foundries and a larger force of expert stove pattern makers and practical designers than is employed by any other stove manufacturer in the world. Most other ranges are built from castings bought in the open market, where prices rule. Nothing but the best of high grade materials enter into the construction of Jewel Ranges, and the fact that there are more than three and one-half millions of Jewel Stoves and Ranges in use, giving good satisfaction with the Jewel business increasing each succeeding year, argues that "When You Buy a Jewel Range You Run No Risk Whatever."

Vulcan Jewel
Hot Blast.

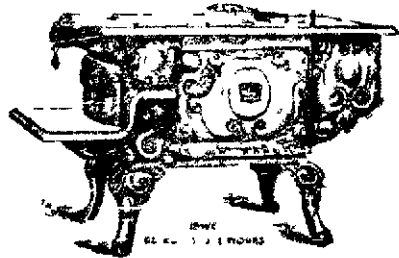

The Vulcan Jewel, when operated according to direction, burns a very large percentage of the gas which is thrown off from soft coal under heat, together with a good part of the soot, converting them into heat, burns soft coal siftings, slack, etc. with cleanliness, effect perfect combustion of the fuels mentioned.

Siftings slack and the cheaper grades of soft coal may be burned in this stove with practically the same convenience and the same results as are obtained from hard coal used in a good base burner.

Will hold fire 36 hours or more without attention, supplying heat from one to two hours each morning from fuel put in the night before, requires no more attention than does a good coal base burner.

Roomy air tight ash pit, large baled ash pan.

Over thirty years experience in good stove building lies behind the perfect Jewel stove of today.

Notes Concerning Late Deaths Along the Chicago & Erie.

South Side Mother Adjudged Insane Yesterday. Other Items of General Interest.

One of the day ago Mrs. Bertha Powell was admitted to the hospital after a long struggle with typhoid fever, which seems to have been caused by unsanitary conditions in the neighborhood in which the Powell family resided. Shortly after the mother died, the typhoid fever broke out in the kitchen window of the Powell home. The committee examined the water used by the family and found it to be contaminated. They examined the premises, they say, and they were all right. Even the ventilation was all right. But they failed to notice the loud smelly germ-breeding wall paper which stood by the fence.

Somebody is to blame for the condition which has already robbed the father of a wife and mother, and more than likely will result in making

orphans of two sweet little girls.

Chicago & Erie Notes.

This morning the C. & E. ran what is called their annual old settlers excursion to Ohio and Pennsylvania points, and there were well paid for their plans. People from all over Indiana who were once residents of Ohio and Pennsylvania and who were posted in regard to the excursion took advantage of the low fare to come more than 100 miles to their own.

An official list of names given out the information that the trouble between the hotelkeepers and the management of the shops at Galton had been settled in a satisfactory manner and that the shops were now running full time and force.

Last Sunday the Chicago & Erie gave their last excursion of the season from Spencerville to Chicago, and although not a passenger was taken on west of Huntington over 600 people were taken into Chicago on the one train which arrived there at 12:30. The train left Spencerville about 5 o'clock Sunday morning and returning arrived at 10 Monday morning. Conductor Bunge and Engineer Shaffer had charge of the train.

Adjudged Insane.

Yesterday afternoon an inquest was held over Mrs. Elizabeth Moly, 303 1/2 Holly street, and she was adjudged insane. She is the mother of six children. It is thought that by placing her in the State hospital at Toledo that she can be permanently cured and she will be taken to that institution the latter part of this week.

September was a busy month for the local inspectors of Columbus. He made 17 meat inspections and found over 1000 pounds of meat unfit for use. The same conditions might be found in this city if the board of public safety would appoint a Smith off to it.

THE RETORT OAK

A soft coal, self feeding, gas
burning, soot consuming

HOT BLAST HEATER.

Something worth reading carefully, all about the Retort Oak Stoves.
The only successful self-feeder for soft coal in the world.

We assume that all who buy and use Heating Stoves want the best stove to be had for the money. When we say best we mean a stove that combines Cleanliness, Convenience, Durability, Economy of Fuel, Power, Steadiness of Operation, Ease of Management and Appearance. These features, combined with a reasonable price should command the attention and investigation of prospective purchasers.

The Retort Oak possesses every qualification enumerated above. The Great Feature of every stove should be Cleanliness, and here we will say that No Stove can be cleanly that opens directly into the fire to feed it, also No Stove can be cleanly whose feed opening is larger than the pipe collar.

Durability. The Retort Oak is built for a good stove. No stove can be a thoroughly good stove, unless it is durable as well as a good worker. We have many stoves in use 10 years that have never cost a cent for repairs. This record cannot be beaten.

Power. The power of any stove depends entirely upon its size. The size (no matter if the stove looks large) being the amount of radiating surface it has. No small stove can be a powerful heater, because the size is not there. The Retort Oaks are every inch heating surface from the bottom of the fire pot to the pipe collar, consequently powerful heaters. The rule is the larger the stove the more economical in the use of the fuel. A small stove has to be forced. A rapid fire is always a wasteful fire. You can have a small fire in a large stove, but cannot have a large fire in a small stove. Retort Oaks are large stoves.

Carrying Fire. These Stoves are sure fire keepers; it is no trouble to carry fire from 24 to 48 hours without the addition of fuel.

Ease of Management. These stoves are easily managed. The control of the fire is absolute. They never run away.

Appearance. Much attention has been given to the appearance of these stoves, and we believe that all will agree with us that there are no handsomer stoves in the market.

Cleanliness. One of the principal reasons why Soft Coal is not used as fuel more than it is, is because of the dirt and dust made in using it, and while all admit that it is the best and cheapest fuel

known, many refuse to use it because of the damage to walls and furniture, occasioned by its use.

Thousands of people from their location are forced to use Soft Coal regardless of its disagreeable features, in the way of dirt and soot; and to such people a stove that is ABSOLUTELY CLEAN, that does not puff or gas, or smoke in the room, or do any of the disagreeable things that every other stove does do, the knowledge that there is such a stove will attract attention, and probably cause them to investigate the matter.

The Retort possesses all the above mentioned features: ABSOLUTE CLEANLINESS, NO GASING, NO SMOKING, NO PUFFING; NO DISAGREEABLE FEATURES OF ANY KIND. And while on the subject of cleanliness of stoves, we will tell WHY no surface burner (Oak or Cannon) can be a cleanly stove.

NO STOVE CAN BE CLEANLY that opens directly into the fire to feed it.

NO STOVE CAN BE CLEANLY whose feed opening is larger than the pipe collar.

That this is sure, take notice of the different devices used to prevent the smoke from coming out of the door every time it is opened to put fresh fuel on the fire.

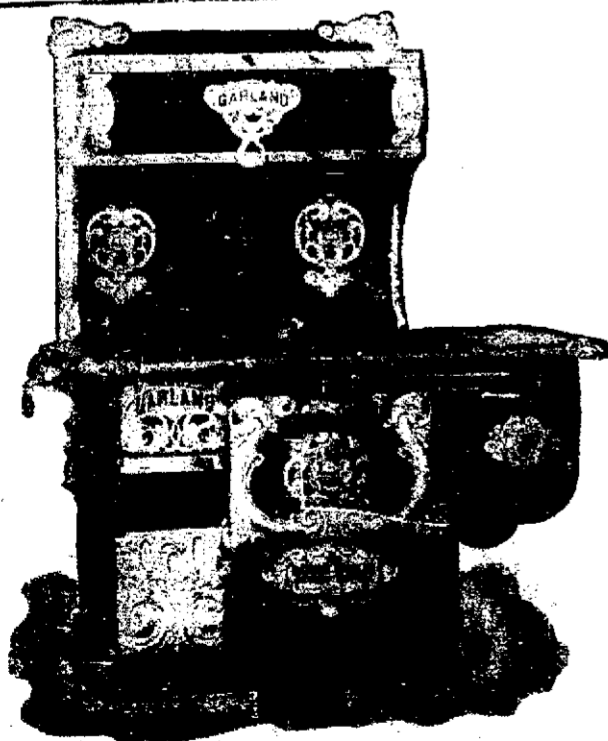

Once it is a great while we will find a man who will say "his Oak stove never smokes," but if he knew the natural law that governs combustion, he would never make the statement.

Economy of Fuel. They are many reasons why a Magazine or Self-Feeding stove is desirable, the first of which is, its ECONOMY OF FUEL.

It is true that a Magazine stove will not average more than one-half the fuel that any surface burner does, and at the same time it gives a steady, even and continuous fire, without which there can be no real comfort; colds caused by the great variation in temperature being the rule rather than the exception, where surface burners are used it being impossible to maintain an even temperature with ANY STOVE not a Self-feeder.

Therefore in the interest of good health we ask you to investigate the Merits of the Retort.

Prices are \$22.50, \$25.00 and \$27.50. The greatest value for the money ever offered in the Stove line.

GARLAND STEEL RANGES.

Comprising the most complete
assortment of reliable stoves
at prices to meet every
demand.

For Soft Coal, Natural Gas or Wood, this is unquestionably the newest most ornamental, strongest and most desirable steel range construction ever offered. It is made upon honor, without reference to cost, and combines every single feature of utility which an experience of more than a quarter of a century has taught. Aside from the fact that every part of the range is so constructed as to render it most durable as well as the best operating cooking apparatus on the market, the construction of the fire box is such that the parts which are exposed to the fire will outlast at least three ordinary ranges. All grates (which draw out easily) can be instantly changed and replaced without disturbing the bed-plate or fire-linings. It is made in all sizes and styles known to modern steel range construction, and each size can be fitted with our improved hot water heater, which is guaranteed to heat water faster and better than any other heater made. This construction must be seen and examined critically to be appreciated.

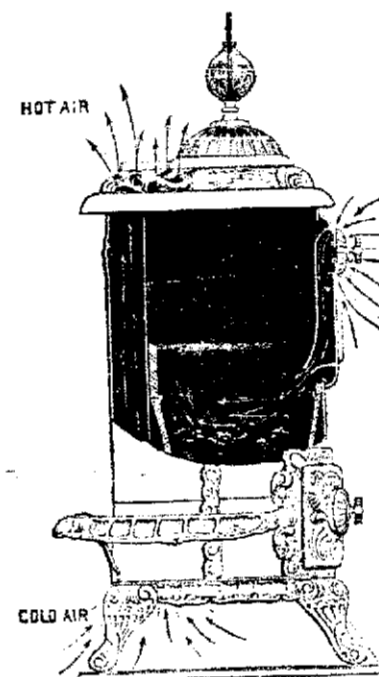

OAK STOVES

DESCRIPTION

Of Dead Man Not That of F.
Steinle.

It is a fact that the body of
F. Steinle, who was killed by a
bullet from the B. & O. train
last night, was found in the
river bed of the Ohio. A
message to Columbus reached
last night that the body was
not found. The man was
about 40 years of age, had
dark hair and dark mustache. The
body was found with the young
man's hands. The words "F.
Steinle" were written on the
back of a razor box. The
body was found in the river
bed of the Ohio. The body was

THE MARKETS.

New York, Oct. 5.—The opening
stock market today was broad and ac-
tive, and the changes were mixed,
with gains predominating. St. Paul
opened one point higher on the sale
of 2,200 shares, and there were sold
2,900 shares of Amalgamated Copper
and U. S. Steel preferred. The last
named stock opened up 1/4 and then
ran off to a half under last night, and
the common was a fraction lower.
Illinois Central rose 2 points. The
declines were amongst the trunk lines,
southwesterns and the local public
service stocks.

Consolidated Gas lost a point.
The market was quieter but very
regular. St. Paul dipped again to
below 167 and then rallied. The
general market was inclined to yield,
but New York Central was marked by
a gain 130 1/2. The irregular tone per-
sisted up to the closing.

PRESS COMMENT.

There were two interesting features
of the opening of the democratic cam-
paign at Lima. One was the introduc-
tion of ex-Senator Towne by Col. James
Kilbourne in which "Colonel"
Kilbourne took occasion to pay a
high tribute to Hon. W. J. Bryan.

It is a great disappointment to
me, he said, "as I am sure it is to
everyone present that we cannot have
with us today that great tribune of
the people William J. Bryan who al-
though twice defeated for the presi-
dency is still first in the hearts of the
democracy."

Mr. Towne at once took up this
theme and in a brief statement re-
clared that there was now no ex-
cuse for the gold standard to both his
audience. He declared that while he
still believed the party was right in
1896, God had settled the question by
supplying more gold than the silver
men thought was in existence and
more than the gold men wanted. He
said the platform was broad enough
to accommodate Hill and Bryan and
left no excuse for any radical or other
crowd to both this year. He predicted
victory for the national ticket. The
Columbus conference at the Lima
meeting was warm commendation and
the Globe club made a great hit—
Columbus Club.

Columbus newspaper reporting
of the two meetings the evening
at Lima and the publications at War-
ren reported about an equal number
in attendance. There were also
fifteen bands at the Lima meeting all
of them being accompanied by large
delegations. The Gazette fly cap
clubbing does not deteriorate the con-
dition one iota. Old democracy is
onto no job and will be Johnnie on
the spot Tuesday morning, Nov. 8,
bright and early and will work over-
time for the good of the cause—Del-
phos Heraid.

Women Rejoice in Health and Beauty.

**Zoe Flora Gives Perfect Health and
Health Means Beauty for Wom-
en—They All Rejoice in its
Wonderful Work.**

Trial Bottle Free to Every Woman.

There is only one thing for a weak and suffer-
ing woman to do and that is to use Zoe Flora.
It makes no difference how many remedies you
have tried or how many doctors have treated
you that failed. Zoe Flora cures these cases
one and all. Thousands upon thousands of
letters from suffering women throughout the
land prove this, and you can fall to be
convinced. It is the greatest blessing of the
age for suffering women. It cures a 1 irregular-
ities, misplacements, painful and super-
sensitive periods, makes childbirth easy, cures liver,
bladder and kidney troubles and regulates the
change of life. It will bring joy and health and
happiness to any suffering woman just as it has
always done and never failed to do.

Miss Florabel Blesing, 919 W. Lincoln St.,
Kokomo, Ind., says: "I can truly say that Zoe
Flora has completely cured me of my awful
suffering. I am perfectly regular now and I
don't suffer at all at that time. I do not have
ovarian pain any more, and the leucorrhoea has
entirely disappeared. I feel better now than I
have in four years, and I know that it was Zoe
Flora that cured me, and it will cure others
I know, because I know that nobody can
suffer any more than I did, for I suffered death
over and over. I would not be without Zoe
Flora, for it is indeed 'Woman's Friend.'"

"I will say that whoever does not believe Zoe
Flora is a good medicine for women, that
they don't know what they are talking about,
and whoever doesn't believe this statement, let
them please write to me and I will certainly tell
them the same, if they will send addressed
stamped envelope. I will answer any one who
wants to write and find out if it is so."

"You can use my name in any way that will
help you with your medicine, and I will be glad
to have you do so."
Write the Zoe Flora Co., Kalamazoo, Mich.,
for a free trial bottle and copy of their illus-
trated medical book. "Dr. Penney's Advice
to Women." The doctor will gladly give free
special advice as needed. Zoe Flora is for
sale at \$1.00 a bottle by

GOES

Back to His Old Position

With the Road.

Ed. Oliphant Changed at His Own Request

And Will Leave Ft. Wayne to Assume Yardmastership at Stony Island.

Formerly Held Same Position With Lake Erie and Western in This City. Dispatchers of Clover Leaf Up in Arms.

Next Sunday, according to the Fort Wayne Sentinel, there will be a change made in yardmasters of the Nickel Plate railroad in that city. On that day Ed. Oliphant, formerly yardmaster for the Lake Erie & Western in Lima and one of the most popular of the boys who made this city his home, will return to Stony Island to assume charge of the company's yards at that point, and the position he now holds at Ft. Wayne will be filled by Chas. W. Zieher.

Mr. Oliphant was formerly located at Stony Island and returns there at his own request. He is an old railroad man and that he is competent is shown by the fact that he has held responsible positions with the Nickel Plate for 18 years. Before going to that road he was employed by the C. H. & D. the Erie, and was yard master for the Lake Erie & Western here a mentioned, afterwards filling the

same position at Sandusky city. Mr. Ziegler, his successor at Fort Wayne, has been with the Nickel Plate since 1884, and for the past ten years in the capacity of conductor.

Through the Gates. Pennsylvania train No. 9 and a C. H. & D. local on the Findlay branch both went through gates guarding crossing at Fort Wayne yesterday, but no serious damage was done. Both gates were closed to give Wabash trains the right of way.

ALL WORKED UP

Are Clover Leaf Dispatchers, Who Are Again Ordered to Move.

The report that the Clover Leaf would establish a dispatchers' office at Charleston and another at Delphos, dividing the force at this city, says the Frankfort, Ind., Crescent, is confirmed and the company is now at work on the details of the plan. The change will be made about the 15th of the month. It is the intention of the company to keep dispatchers here and place two at Charleston and two at Delphos to handle the business west of Charleston and east of Delphos. It is also stated that the company will require the men to work twelve hours instead of eight. The dispatchers located at Frankfort do not relish the prospect of being compelled to move again. There were changes made in the same way some time ago, having their own expenses to pay and after remaining away for a short time were brought back to Frankfort. The trip cost the men from \$300 to \$400 and they say they do not care to repeat the experience and it is reported that several of them have already stated that they would resign before they would be moved. It is also said that the chief dispatcher, Fred Lapham, will hand in his resignation if the company decides to change the dispatchers. They have been working eight hours and it is said that they object to having four more hours tacked upon their day's work.

Are New Engineers.

J. Flange, H. L. Foster, F. C. Welch, E. C. Crowley, F. H. Rogers, B. Lower, H. Hamilton and J. M. Roush, extra engineers on the Pennsylvania road who were put back to former last summer when business reached the minimum point, have been advanced to engineers again. H. R. Torgue and J. Macner, passenger firemen, who are in line for promotion, have gone into the shops to serve the six months required of firemen before they are promoted to Fort Wayne Sentinel.

Back to the Shops.

Engines 121 and 197 of the L. E.

& W., which were dismantled in the deplorable wreck near the Detroit Southern transfer track Sunday morning, are now in the shops on the south side, for repairs.

Hit By a Train.

Allen Coffman, of Piqua, while in an intoxicated condition, was struck by a C. H. & D. train at Piqua yesterday, and was found unconscious by the track. He was wounded in the head, but not fatally.

Along the Lines.

Mrs. James Fisk arrived yesterday from Wellsville, N. Y., to remove their household effects from west Circular street to Wellsville. Mr. Fisk was formerly a fireman on the L. E. & W., but had to give up his position on account of continued poor health.

Engineer Will Bland, formerly of the Detroit Southern, is in charge of one of contractor Cliff. Wise's locomotives at the new water works reservoir.

"Big Jim" Kennedy, formerly a fireman on the L. E. & W., is now in the service of the Detroit Southern, as a brakeman.

Some of the railroad men of Lima would like to have the railroad reporter of the Republican-Gazette explain to them how the injector on a locomotive can be tested after the engine is "dead" and its tank is disconnected and dry.

Engineer Bacon, who was severely injured in the wreck, is still confined to his home in the Adgate flats, where many of his fellow railroad men call daily to see him.

The remains of fireman Victor Carig, who lost his life in the wreck, were interred at Olean, N. Y., yesterday.

L. M. Webb, assistant general passenger agent of the C. H. & D., has resigned, to enter other business. It is understood he will be succeeded by W. R. Calloway, general passenger agent of the C. C. & L.

OPINION GENERAL

Decision That Next Battle Will Occur at Tie Pass.

Heavy Losses by Japanese

In Attacks on Port Arthur, Reported by General Stoessel. St. Petersburg Despatches Say Kuropatkin is Constantly Receiving Reinforcements; Especially Artillery.

Mukden, Oct. 3 (Delayed)—A Russian correspondent of the Associated Press who has just returned from Major General Mischenko's division, with whom he has been since September 24th, says:

There have been constantly recurring skirmishes in which the Russians have regularly defeated the Japanese, although the engagements have never been very large. The last advance I witnessed was on October second, when the Japanese made several tentative movements but were driven back on every occasion by the Russian cavalry.

In this fighting, Captain Lepekhin, Chertorogoff was wounded and also a few Cossacks. The Japanese lost one officer, several privates and some horses. Fresh developments are now expected.

The correspondent was with Major General Mischenko's division during the engagement reported October 1st, near Toumytsa, north of Yantai. The Japanese there occupied an entrenched position on Toumytsa Hill but the Russian artillery, opening fire at ten o'clock in the morning, shelled them out and the Japanese fled after slight resistance. Cossacks galloped up and occupied the position. The Japanese were followed to within two thirds of a mile of Yantai station and the Russians came to contact with them twice

during the day. They tried to surround the Russians by means of a touring movement but support came up and the Japanese were beaten off.

The Russians finally retired slowly to the north, having collected information as to the whereabouts of the Japanese and making no attempt to hold the positions gained.

Posit Bay, Russian Manchuria, Tuesday, Oct. 4.—(Delayed in transmission)—The Japanese minister at Seoul has demanded that every town in Korea furnish a contingent of forty to sixty men for the army now being organized, but the emperor of Korea refused to do so. The Japanese, nevertheless, continue to recruit Koreans under the pretense of employing them as coolies. It is reported that they recruited six hundred men at Ping Yang, dressed them in uniforms, sent them to Manchuria and placed them in the front line, fastened to posts, until nearly all of them were killed. The Russians found only one man alive.

St. Petersburg, Oct. 5.—Lieutenant General Stoessel says the Japanese losses were 10,000 during the attacks on Port Arthur from September 19th to September 22nd. He reports that no incident occurred from September 22nd to September 30th, excepting outpost skirmishes.

TOLD Her Story to Grand Jury

And Returns

To the Home with Another Bad One.

Genevieve Alberts Brought Back to Lima in Custody of Matron

Who Secured Possession of Another Wayward Girl Who Had Violated Her Parole. Activity in the Courts.

A tall, slim dignified lady made her appearance at the court house yesterday afternoon and inquiry discovered her to be the matron of the Girl's Industrial school at Delaware. She looked the part.

Accompanying her was Genevieve Alberts, the Lima girl who was sent to the school by Mayor Robb, following her charge of assault against Jim Boop. Mrs. Nye, as the matron proved to be, brought the Alberts girl to Lima for the purpose of testifying before the grand jury in support of her complaint against Boop, the latter having been bound over to that body in the sum of \$1,000. The girl is but fifteen years of age, but those who read the account of the preliminary hearing in the mayor's court, will call to mind the boldness with which she detailed the alleged assault, and her apparent indifference to the kind of life which she had drifted so early in life.

Mrs. Nye made a trip to Ohio City yesterday where she secured Bessie Penner, another wayward Lima girl, who had been out on parole. She returned to the Delaware home over the Erie this morning with the two girls in her custody.

Notes Sued Upon. The City bank is plaintiff in two proceedings in attachment filed this morning by Attorney W. H. Leete, which name F. A. and David Green as defendants. The action is based on two promissory notes, dated Hamilton, Ont., Feb. 25, 1904, and made payable in three months to the National Oil Co. The David Green note is for \$500, with no credits, and the F. A. Green note for \$2,000, of which \$1,000 is still due. The notes were held to the City bank before maturity.

Husband Was a Failure. Gross neglect of duty and failure to provide are charges contained in a

divorce petition filed yesterday afternoon by Minnetta Huddle, wife of Marshall J. Huddle. They were married in Allen county, April 13, 1887, but have no children, and the defendant's present address is Jersey City. The plaintiff asks to have her title quieted to 40 acres of land in Sugar Creek township, which she inherited from her grandmother.

In Probate Court.

A final account and distribution of funds was filed by G. M. McCullough, administrator of the estate of M. H. McCullough. The amount for distribution was \$2,893.80, which was equally divided between J. C. and G. M. McCullough, each receiving \$1,446.90.

Mrs. Elizabeth Moyler, of Holly street, has been adjudged insane, and will be sent to the Toledo hospital for treatment. She is 35 years of age, and the mother of five children. The examining physician has hopes of her complete recovery.

Entries for the New Journal.

Bessie Penner, a Lima girl who was sent to the Delaware home, was taken back to that institution by the matron this morning, having violated her parole. The girl's father notified the home that she had gone away, and was located at Ohio City.

The grand jury will investigate a case of Sunday liquor selling in Spencer township, John Schmeersal having been bound over on that charge. He gave \$500 bond for his appearance.

Without a Combined Effort.

Can the City

Secure the Benefits of the Hospital.

No Question but that the Institution Will be Established by the State

And it Behooves the Citizens of Lima to take Opportunity by the Forelock While it Stands Ready.

It is a pleasure to note that interest in securing the new hospital is becoming more general. Occasionally the question is asked whether there is any assurance that a new hospital will be built anywhere. To those who are at all familiar with the conditions this has ceased to be a question. Under the new improved method of caring for unfortunates, objections which people had to loved ones becoming inmates have passed away. Institutions of this kind have ceased to be a bad dream and horror. The patients can be cared for so much better than they could be cared for in individual homes and with so much better results that people generally are anxious to have their unfortunate loved ones treated in the best possible manner and the result is the ratio of patients has very largely increased. If the new hospital were today complete even to the capacity of 1,000 patients, it would be filled within a week from the over-flow from other institutions in the state, leaving these institutions still above their normal capacity. This condition was thoroughly and fully recognized by the last legislature resulting in the passing of a resolution for the selection of a site so that it may be accepted as an established fact that some city in Ohio is going to secure the benefits to be derived from the location of this institution.

The executive committee, Mr. Lineman, Mr. Bendure and Mr. Crites, have been hard at work effecting an organization of the city and committees have been selected to canvass the various portions of the city to the end that the committee may be fully prepared when the time comes to secure the hospital if possible. It is evident that it will not be secured without an effort. Other cities are anxious to secure it and are actively engaged to that end. And it is up to the citizens of Lima to say whether this opportunity shall go by. It is not a fine rich red apple that is going to drop into our lap without effort.

The last institution of this kind was located in the city of Massillon in 1892. And surely if Massillon could secure an institution of this character there is no reason why Lima should not be able to do so with a population of more than twice that of Massillon. We have an executive committee that can be relied upon to guard Lima's interests and secure the institution with the least possible outlay, and the citizens should see to it that they are thoroughly equipped for business to accomplish the desired result without delay. Prompt action is necessary upon the part of our citizens. It seems likely that the site will be chosen before the end of the present year and Lima should equip the committee to act promptly and let's have the pleasure of seeing a half million dollars expended in erecting

such an institution as this at a cost near Lima with the next two years.

PERSONAL MENTION.

Mrs. Peter Laughlin, of north McDonel street, has been called to Covington, Ky., on account of the serious illness of her niece, Miss Nora King. Miss Clara Frye left today for New York City, to resume her study under Mr. Sauvage.

Elden Heffner, of Harrison avenue, who has been suffering an attack of typhoid fever for several weeks, is improving steadily.

Rev. E. E. Young, pastor of Calvary Reformed church, will go to Bluffton, Ind., tomorrow, to attend a synod session of the Reformed church of the United States. Mrs. Young and daughter are visiting relatives in Lima.

YEARLY

Meeting of Several Railroads.

All Old Board

Of the Hocking Valley Re-elected.

Rock Island Interests Have Almost Complete Control of Chicago & Alton.

Later Road Will Be Operated in Harmony With the Present Management For The Year.

Columbus, Oct. 5.—At the annual meeting of the Hocking Valley railroad company held in this city, all of the old directors were re-elected for the ensuing year. A meeting of the board will be held this month for the election of officers. The annual report of the company for the year ended June 30th was approved. The total number of shares voted at the meeting was 201,162. The directors re-elected are as follows:

Charles B. Alexander, Robert Bacon, R. M. Galloway, Thomas F. Ryan and Charles Steele, all of New York, W. N. Cott, W. F. Goodspeed, P. W. Huntington, N. Monsarrat and R. S. Warner, of Columbus; Ralph W. Hickcox, G. Hickcox and James H. Hoyt, of Cleveland.

Alton Changes.

Chicago, Oct. 5.—At the annual meeting of the Chicago & Alton railroad held here today, J. H. Moore, D. G. Reid and Robert Mather were elected directors in place of F. F. Winston, C. H. Caspell and Mortimer L. Shiff. The meeting was entirely harmonious. The new directors were chosen by unanimous vote. Their election has brought out the fact that the Rock Island interests, of which the new directors are representatives, came into the meeting with a voting strength of 355,000 shares, out of a total of 380,000 shares. J. H. Moore said after the election that the road would be operated in harmony with the present management, and that no change in the executive staff would be made during next year at least.

TAINTED BLOOD

Columbus, Ohio, May 19, 1901.
Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an all-gone tired feeling that made me miserable. I began the use of S. S. S., and after taking several bottles my skin was cleared of all eruptions and took on a rosy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, as I could eat anything but before me, and as I regained my appetite I increased in weight, and that "tired feeling" which worried me so much disappeared, and I was once again my old self. I heartily recommend S. S. S., as the best blood purifier and tonic made, and strongly advise its use to all those in need of such medicine. VICTOR STRUBINS, Cor. Bathman and Washington Aves.

Wheeling, W. V., May 28, 1903.
My system was run down and my joints ached and pained me considerably. I had used S. S. S. before and knew what it was, so I purchased a bottle of it and have taken several bottles and the aches and pains are gone, my blood has been cleared and my general health built up. I can testify to it as a blood purifier and tonic. 1533 Market St. JOHN C. STRUBINS.

BARRETT SAYS NO FRICTION

Whatever Exists Between the U. S. and Panama. Conditions on Isthmus Satisfactory.

New York, Oct. 5.—John Barrett, American minister to Panama, who has just arrived here from Colon, said that conditions on the isthmus are very satisfactory.

"There is an exact and cordial understanding between the Panama government and me," said he, "and no friction whatever exists. There are, however, one or two legal questions to be settled later, of which I do not wish to talk, as yet."

Section 2. That the owner or owners of each separate lot or tract of land named in the preceding Section, be, and they are hereby required to construct a sidewalk in front of their respective properties, within 30 days after receiving notice of the adoption of this resolution, and any and all such side-walks not so constructed by the owner, within such period, shall be constructed by the City and the cost thereof shall be charged and assessed to the lot or tract of land in front of which the same is constructed. Section 3. That such side-walks shall be constructed in all respects in accordance with the plans and specifications thereon, on file in the office of the Department of Public Service in the City of Lima, Ohio, and in accordance with the general side-walk ordinances of the City Civil Engineer, the Board of Public Service and the City Council. Section 4. That the Clerk of the Council of said City shall give notice of the passage of this resolution, by causing a written notice thereof to be served upon the owner of each lot or parcel of land mentioned in Section One, who are residents of Allen county, Ohio, in the manner required by law, and C. F. McNeany is hereby designated to serve such notices, providing that if any of the owners of any of the lots or parcels of land above described, are not residents of the City of Lima, then that such notices may be served upon any person who is the agent of such owner or who may be charged with the collection of rents or the payment of taxes on such property, and a copy of such notice, with the time and manner of service endorsed thereon, and signed by the person making the service of the same, shall be returned to and filed in the office of the Department of Public Service of said City, as required by law. Adopted September 3, 1904. Geo. L. Newson, President of the Council. Attest: O. J. Rose, City Clerk. Approved Oct. 4, 1904. Theo. D. Robb, Mayor of the City of Lima, Ohio.

AN ORDINANCE, Determining to proceed with the improvement of Main street, between Second street and Fourth street, by constructing therein and thereunder a public sewer. Be it ordained by the council of the City of Lima, State of Ohio, as follows: Section 1. That, no claims for damages having been filed by any property owner, it is hereby determined to proceed with the improvement of Main street, from Second street to Fourth street, by constructing therein and thereunder a public sewer, in accordance with the resolution for such purpose duly passed by the city council on the 15th day of August, 1904, and in accordance with the plans, specifications, estimates and profiles therefor heretofore approved and now on file in the office of the Department of Public Service. Section 2. That in the making of said improvement there shall be used a first class quality of such material as is provided by the plans and specifications. And said improvement shall be completed in all respects in accordance with said plans, specifications, estimates and profiles. Section 3. That the whole cost of said improvement, less the cost of the public street and public alley intersections and two per cent of the total cost, which shall be paid out of the sewer fund of the City of Lima, Ohio, shall be assessed to the several lots and tracts of land fronting and abutting upon said Main street between Second street and Fourth street, in proportion to the number of feet each of said lots or tracts of land fronts or abuts upon said street between said points; and the cost of said improvement shall also include the expense of the preliminary surveys and all printing, publishing and serving of notices required, and the printing and publishing of the resolutions and ordinances necessary, and the cost of construction and all other necessary expenditures. Section 4. That the assessments so to be levied shall be payable in two equal installments, the first, six (6) months after the completion of the improvement and the second within twelve (12) months after the completion of said improvement. Section 5. That the Clerk of the Council be, and he is hereby directed to cause notice of this resolution to be given in the manner provided by law. Adopted Oct. 3, 1904. Geo. L. Newson, President of the Council. Attest: O. J. Rose, City Clerk. Approved Oct. 4, 1904. Theo. D. Robb, Mayor of the City of Lima, Ohio.

BABY'S OWN TABLETS.

A New Medical Discovery of Interest to Every Mother.

GUARANTEED FREE FROM OPIATES.

The Tablets Have No Drug Taste, But Are a Gentle and Effective Laxative and Comforting Medicine for Infants and Children of All Ages.

"The following is a thorough, complete and perfectly safe analysis of the tablets which has been rewarded with success. Mothers everywhere will welcome Baby's Own Tablets as meeting a need that exists in every home where there are children. The new remedy is laxative but does not irritate. It is soothing but it does not contain the faintest trace of any opiate or of any ingredient that could do the slightest harm to the delicate constitution of the feeblest child. This statement is guaranteed by the certificate of an eminent chemist, a member of the faculty of the renowned McGill University of Montreal, Canada, and public analyst for the Province of Quebec, who has made a careful analysis and reports as follows:

A Guarantee.

"I hereby certify that I have made a careful chemical analysis of Baby's Own Tablets, which I personally purchased in Montreal. My analysis has proved that the Tablets contain no opiate or narcotic and that they may be given with perfect safety to the youngest infant."

M. L. HERSEY, M. A. Sc.
Public Analyst for the Province of Quebec.

The tablets are designed primarily to cure all derangements of the stomach and bowels, as nearly all the ills of childhood spring from, or are aggravated by, such irregularities. When the child's digestive system is put in perfect condition pain and irritation disappear, a healthy growth is promoted, sleep becomes sound and restful and the waking moments are sunny. Here are some of the opinions furnished by grateful mothers:

Cured Stomach Trouble.
Mrs. Fred Newman, of 701 south Henry street, West Bay City, Mich., says: "When my baby was two months old he had a great deal of stomach trouble and was colicky and feverish. I saw Baby's Own Tablets

mentioned in a newspaper article and immediately began to use them. They proved to be more of a blessing than anything I had ever used before. I have also had excellent results from them in cases of diarrhoea. I am very glad to recommend them to other mothers for their genuine merit."

Saved Baby's Life.
Mrs. John Male, of 41 Cottage street, Pontiac, Mich., says: "My little baby was very sick from not being able to digest the artificial food which I was forced to give her on account of my poor health. I tried a great many remedies prescribed by doctors, but all in vain, for baby kept pining away. When I was nearly driven to despair, I saw the advertisement of Baby's Own Tablets in a drug store and I started to use them. The very first I gave her made her rest easy, and in the end they saved her life and made her a fine fat baby. Her weight at one year of age was thirty-five pounds. I wish to tell all mothers that have sickly babies and advise them to keep this valuable remedy always in the house."

Gentle and Effective.
Mrs. L. E. Burdick, of 65 north 5th avenue, Chicago, Ill., says: "I have found Baby's Own Tablets an effective and gentle physic, and have used them successfully in breaking up a cold."

Baby Likes Them.
Mrs. Rosa Engle, of 79 south Diamond street, Grand Rapids, Mich., says: "I have given my two-year-old child Baby's Own Tablets for constipation and find them highly beneficial. Baby likes them as well as candy."

Good For Indigestion.
Mrs. Allen Peral, Schaller, Ia., says: "I think Baby's Own Tablets an effective remedy for indigestion and the ills arising from it, and I shall always recommend them to any mother."

Baby's Own Tablets are for sale by all druggists, or will be sent by mail post paid on receipt of price, 25c per box, by the Dr. Williams Medicine Co., Schenectady, N. Y.

DOWN

With Popery Was Their Cry.

Congress of the

Church of England Has Aroused

Ire of Low Churchmen. Extraordinary Scenes Witnessed.

Strong Force of Police Placed About Cathedral, the Authorities of London Fearing Serious Trouble.

London, Oct. 5.—Extraordinary scenes were witnessed at Liverpool yesterday in connection with the annual Congress of England congress now meeting there. The lord mayor held a reception at the town hall, which was attended by all the leading bishops and clergy of the United Kingdom.

The procession formed up and marched to the cathedral. Large crowds gathered in the streets, to whom several leading low churchmen, including followers of the late John Kensit's son and the Wycliffe preachers, an organization founded by the late Mr. Kensit, had previously distributed anti-ritualistic pamphlets. As the procession headed by the civic regalia and followed by the bishops and clergy, in their robes, on foot, neared the cathedral the demonstrators commenced to shout: "Down with popery!" "Oh, for another Luther!" When the venerable archbishop of York appeared, his silver cross of office held up before him, the crowd shrieked: "Traitors! It is popery in the streets!" "Send them all to Rome!"

Amidst a storm of hissing and shouting, the archbishop passed into the cathedral, unmoved by the uproar. A strong force of police was stationed about the building, the authorities fearing more serious trouble.

How to Cure Corns and Bunions.
First soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general balm for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

DEMOCRATIC GAIN.

New Haven, Ct., Oct. 5.—Election returns from all the towns in the state confirm the figures of last night which give the republicans 218 towns and to the democrats 23, making a net gain for the latter of one, with one town choosing a fusion ticket.

A Thoughtful Man.
M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. James' New Life Pills and she got relief at once and was finally cured. Only 25c. at H. F. Vortkamp's drug store corner Main and North streets.

A DOZEN TIMES A NIGHT.
"I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night," says Mr. Owen Dunn, of Benton Ferry, W. Va. "I never received any permanent benefit from any medicine until I took Foley's Kidney Cure. After using two bottles, I am cured." Sold by H. F. Vortkamp, corner Main and North streets.

GRANTED CHANGE.
Chicago, Oct. 5.—In the Iroquois theatre trial today, Business Manager Thomas J. O'Neil and the carpenter, James E. Cummings, were granted a change of venue to another county. The ground was that on account of prejudice a fair trial could not be had in Chicago.

Mrs. O. P. Halverson, Racine—Was sick for five years; nothing agreed with me. Hollister's Rocky Mountain made me strong, healthy. Gained thirty-five pounds. 35 cents, Tea or Tablets.

Monarch's over pain. Burns, cuts, sprains, stings. Instant relief. Dr. Thomas' Electric Oil. At any drug store.

I live and let my brethren live With all that's good with me. Unto the poor some cash I give. The balance I give Rocky Mountain Tea.

A new theory that is proving successful in the cure of coughs, lung and bronchial affections is offered in Bee's Laxative Honey and Tar. This remedy cuts the mucus, heals the membranous lining of the throat, lungs and bronchial tubes; wards off pneumonia and strengthens the system generally. Croup and whooping cough disappear before its use as now be for the annals of spring. It's pleasant. H. F. Vortkamp, druggist.

ANNUAL

Report of Stock in State by Counties

In Which Allen Shows Gain in Horses and Mules, But Loss in Cattle, Sheep and Hogs.

Auditor Feltz has received a tabular statement from auditor of state, Guilbert, which gives in comparative figures the number of horses, cattle, mules, sheep and hogs, returned by the auditors of the counties embraced by the state. The number is given for 1903 and 1904, and the totals show a decrease in all but horses and mules. Auditor Feltz reported to the state 4,723 horses for 1904, as against 4,641 for 1903, an increase of 82. In 1903 there were 218 mules returned in the county, while this year the number is 234. In cattle there is a falling off of 208, the 1903 report being 16,615 and this year 16,407. The number of sheep is 486 short of last year's report, which was 5,890 as against 5,404. The greatest falling off is in the number of hogs, Allen county reporting 10,478 for 1903 and 8,899 for 1904, a decrease of 1,579.

The total number reported by all counties is as follows:
Horses 725,024 726,204 1,180.....
Cattle 1,509,754 1,464,32445,430
Mules 16,283 16,990 707.....
Sheep 2,127,451 2,032,07294,379
Hogs 1,353,076 1,336,30817,768

Robbed The Grave.
A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters, to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at H. F. Vortkamp's drug store, corner Main and North streets.

GRANTED NEW TRIALS.

Lansing, Mich., Oct. 5.—James Mole, one of the aldermen convicted of bribery in the Lake Michigan water deal at Grand Rapids and Gerrit H. Athers, a Grand Rapids attorney, convicted of perjury at his own trial on the charge of bribery in the water deal, were today granted new trials by the state supreme court.

"It was almost a miracle. Birdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Plibridge, West Cornwall, Conn.

CHEAP RATES

To Kansas, Oklahoma and Texas.

Sept. 27th, Oct. 4th and 18th, the Chicago and Erie railroad will sell low rate one way and round trip tickets to points in Kansas, Texas, Oklahoma and Indian Territories.

W. S. MORRISON, Agent.

Jas. Taylor, of Kendallville, Ind., was seriously diseased with kidney and bladder trouble for 20 years. He tested every known remedy without much benefit, until he used Pineules. This new discovery cured him, and Mr. Taylor advises all persons suffering from kidney or bladder trouble to get a bottle of Pineules at once. H. F. Vortkamp, druggist.

It will cure Bright's Disease and Diabetes if taken in time, and a slight disorder yields readily to the wonderful curative power of this great medicine.

It soothes and heals the urinary organs and invigorates the whole system. If your kidneys are deranged, commence taking **Foley's Kidney Cure** at once. *It will make you well.*

TWO SIZES 50c & \$1.00

A Physician healed, now prescribes it daily.
Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with *Foley's Kidney Cure*: "For years I have been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use *Foley's Kidney Cure*. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles, for I can honestly state I have prescribed it in hundreds of cases with perfect success."

DIED

In a Hospital in Cleveland.

Will Burgoon,

Of This City, a Victim of Pneumonia.

Remains Brought to Lima and Taken to Home of Deceased's Brother.

Remains of Mrs. Edward Lippencott Taken to Vaughnsville for Burial. Other Deaths and Funerals.

Messages were received in this city last night announcing the death of a well-known former Lima boy, in Cleveland. The deceased was Will T. Burgoon, who has been following the grand circuit race meetings, working at the trade of a harness cobbler. He became ill recently, and tried to reach his home from some point in the East, but upon reaching Cleveland became too ill to travel, and was taken to a hospital. His mother hastened to his bedside from this city, and was with him when the end came. Death resulted from pneumonia.

The remains were brought to this city today, and were taken to the home of the deceased's brother, at 418 South Mead street.

Funeral services will be held over the remains at the residence of the deceased's brother, John Burgoon, at

the address above mentioned, tomorrow afternoon at 2:30 o'clock.

Josephine Edgewood.

Miss Josephine Edgewood, daughter of Mr. and Mrs. Alvah Edgewood, died at their home near Beaverdam, at 9:15 o'clock last night, death resulting from brain trouble and tuberculosis, after one year's illness.

The funeral services will be held at the Church of Christ in Beaverdam, at 9:30 o'clock Friday morning.

Funeral Announcements.

Funeral of Donald Morgan Thomas, son of Mr. and Mrs. Ben. F. Thomas, will be held from the residence, 404 West Wayne street, at 9:30 o'clock tomorrow morning. The services will be conducted by the Rev. R. J. Thompson.

The remains of Mrs. Winnie Lippencott, who died in the City hospital yesterday, were taken to the home of the deceased's father, Marion Stevens, one mile north of Vaughnsville, last evening. The funeral will be held from the Christian church at Vaughnsville at 10 o'clock tomorrow morning. Rev. G. B. Garner will conduct the funeral.

You cannot cure piles by external application. Any remedy to be effective must be applied inside, right at the seat of the trouble. Manzan is put up in a collapsible tube, with a nozzle, so that it reaches inside and applies the remedy where it is most needed. Manzan strengthens the blood vessels and nerves so that piles are impossible. Manzan relieves the pain almost instantly, heals, soothes, cools and cures. H. F. Vorkamp.

TWO

Burglaries Reported Today.

The Lima Club

And Y. M. C. A. Buildings Visited.

A Box of Cigars All That Was Stolen from the Club House.

Five Dollars and Fifty Cents and Some Old Coins Stolen at the Y. M. C. A. Building. Mayor's Court.

The buffet at the Lima Club building and the office in the Y. M. C. A. building were both burglarized last night by some unknown thief who secured but a small reward for his work. At the former place the thief gained an entrance through a window leading into the cellar and then found his way up a stairway to the first floor, where he broke open a cash register. The burglar, however, found the cash register empty, all of the money it had contained during the previous day having been removed from the register and taken to the Lima House when the club house was closed between the hours of 11 and 12 o'clock. The thief took nothing from the place, so far as is known, except one box of cigars.

At the Young Men's Christian Association building the burglar gained an entrance it is supposed, through

a window, and here he was a trifle more successful, securing about \$4 in small change and a few old coins from a drawer used by Secretary Chase and \$1.50 in cash from a drawer used by Assistant Secretary Frank Everhart.

Both robberies were discovered this morning and were reported to the police and Detective Patton expects to land the supposed thief with a day or two.

Mayor's Court Cases.

Philip Heintze, arrested by officer, Sutherland yesterday, for drunkenness, was fined \$4.00 this morning.

A cow belonging to John Carino, of north Jefferson street, strayed away a few days ago and was taken up by one of John's neighbors. John had trouble with the neighbor when he went after the cow and his dog bit the neighbor. The latter then filed an affidavit charging Carino with permitting his stock to run at large. He appeared this afternoon and pleaded not guilty. Afterwards the case was dismissed and the affair was disposed of by Carino promising to kill the dog.

ASSUMES ALL THE BLAME.

Columbus, O., Oct. 3.—Edwin S. Grant, of Middlepoint, originator of the idea of having the old soldiers of Ohio made up the purse for the \$25000 silver service proposed for the battleship Ohio, has written an open letter relieving Governor Herrick of any responsibility for the movement and assuming the entire blame himself. Grant says:

"Whatever may come of the proposition, I want it distinctly understood that the idea was my own; neither Governor Herrick or Mr. Moulton had anything to do with it in any shape or form, only to give their consent, after the plan was placed before them. I am alone responsible for what has been done and still believe I am right—that it would have been an added credit to the ex-soldiers of Ohio to have raised this fund and made the presentation. If there is to be any censure, place it where it belongs—on your humble servant."

WEEKLY CROP BULLETIN.

Washington, D. C., Oct. 3.—The weather bureau's weekly report of crop conditions is as follows:

The temperature conditions during the week ending October 3rd, 1904, have been generally favorable for maturing and harvesting late crops, although excessively warm in portions of Kansas and the southern states. Heavy to killing frosts, caused some damage.

There was practically no precipitation over the lower Missouri valley and southern states, but copious rains fell in New England, New York, Michigan, the Red River of the North valley, portions of the lower Missouri valley, and south plateau region, delaying work and injuring crops in some of these districts. Drought continues in the upper Ohio valley, and moisture is needed generally in the middle and south Atlantic states and portions of Oklahoma and South Dakota.

The weather conditions were favorable in the Pacific coast states, but rain would be beneficial in Oregon.

Corn has experienced another week of favorable conditions, but frost was injurious in Wisconsin, much was blown down and damaged in Illinois, and dry weather is needed in Iowa to prepare the crop for cribbing. Corn is practically safe in Nebraska; less than five per cent is in danger from frost in Michigan and eastern Kansas, 10 per cent in Ohio, central Indiana, Iowa and South Dakota; 20 per cent in northern and central Illinois and Missouri.

Cutting is progressing rapidly in all sections, being practically completed in portions of southern Missouri and nearing completion in Kansas.

While threshing of spring wheat was again delayed by rains in Minnesota during the earlier part of the week, this work was resumed later and is now generally well advanced in that state, and is progressing rapidly in the Dakotas.

Tobacco is practically all housed and is progressing under favorable conditions. High winds caused considerable damage to apples in New England, the northern portion of the middle Atlantic states, Ohio and Michigan, and a poor crop is generally indicated in the states of the central valleys. A good crop, however, is being picked in New England, and apples are better than anticipated in Pennsylvania, and unusually good in Iowa.

Complaints of rot in potatoes continue from New England, portions of the middle Atlantic states, Illinois and Minnesota, but notwithstanding these
